Information sheet

On the basis of the Act on the Modernisation of Statutory Health Insurance Schemes (GMG) of 19/11/2003, the full contribution rate for pensions from the health insurances schemes also applies for calculating contributions from pensions for pensioners with statutory health insurance from 01/01/2004. PKDW will deduct this contribution directly from current pension payments.

The revised version of Section 229 (1) (3) of the Social Security Statute Book V (SGB V) of 01/01/2004 enforces payment of contributions for all lump sum payments that form part of retirement, dependants' and reduced capacity pension schemes.

For one-off partial lump sums, 1/120 of the sum will be added to the pensioner's income that is liable to contributions for ten years.

Please submit the following documents approximately eight weeks before the payment date:

- > the insurance certificate,
- > a copy of your birth or marriage certificate,
- > your tax identification number,
- > your social security number,
- > the address of your health insurance scheme and your insurance number,
- > your bank details and
- > if the partial lump sum is being paid before the age of 65, proof of loss of income as well

Note: According to the legal definition of a pension fund, PKDW may only insure against loss of income.

As confirmation of loss of income, please provide a copy of the first page of your pension notice or unemployment notice plus written confirmation that the combined unemployment benefit and pension fund benefit does not exceed the income you previously earned. The same applies to the inactive phase of early retirement

You are, of course, allowed to ensure that any data that is not relevant for the pension fund in carrying out the contract cannot be used to identify you personally.
